

Accessing E-Resources via MUHS Digital Library Consortia using remote access credentials (Open Athens)

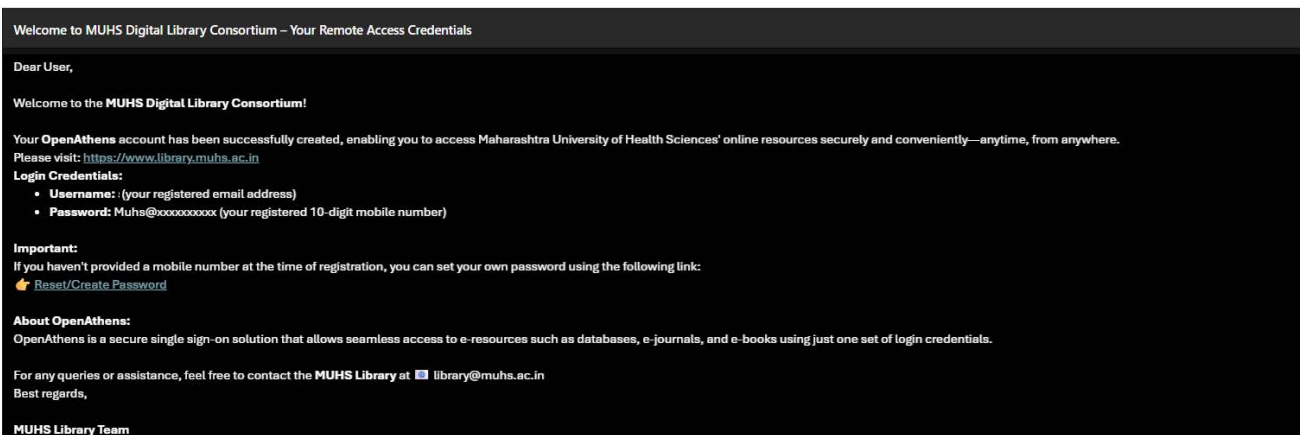

1. This guide offers a step-by-step approach to accessing valuable e-resources through the MUHS Digital Library using Open Athens remote access.
2. By following the instructions, users can easily navigate the digital library and enhance their research capabilities.
3. It's an essential resource for students and faculty at Maharashtra University of Health Sciences, providing streamlined access to a wealth of academic materials. Don't miss out on maximizing your research potential with these digital tools.

1 Users who have not activated their remote access credentials earlier would have received an email from noreply@openathens.com. If the email is not found in the **Inbox**, please check your **Spam** or **Junk** folders.

This email contains your **username** and **password** for accessing the resources.

- **Username:** Your registered email ID
- **Password:** Muhs@<your registered mobile number>

From: <noreply@openathens.net>

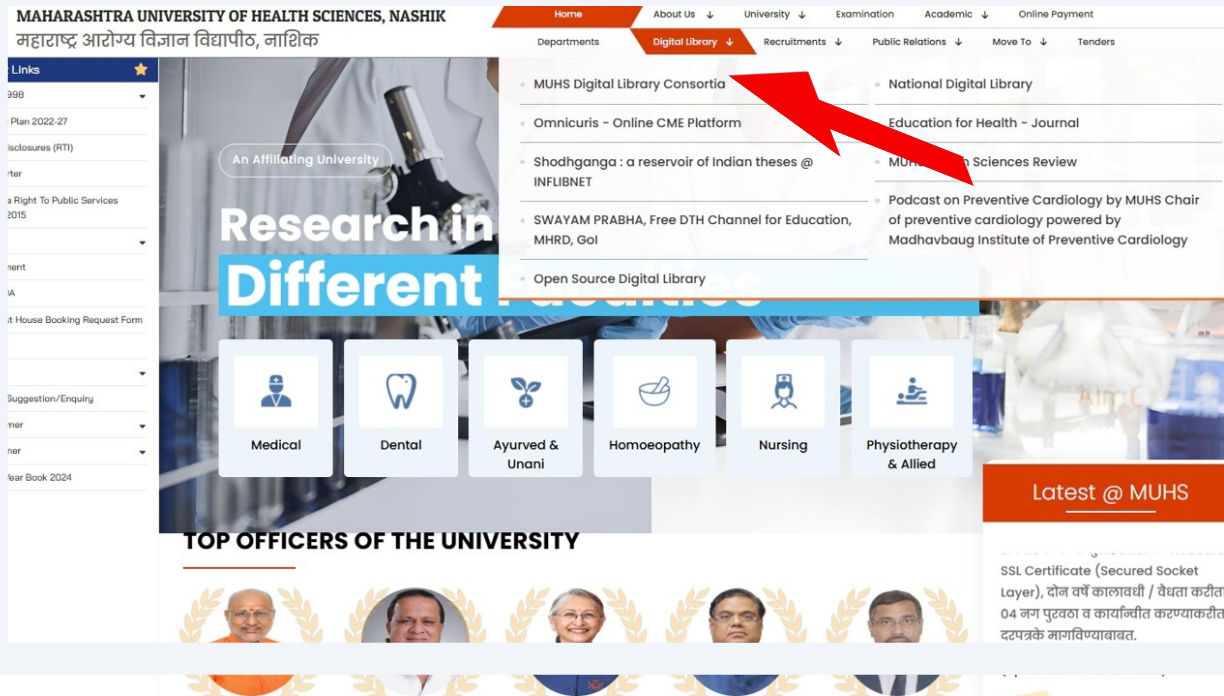

Note: Those who have already activated their remote access account (Open Athens) will not receive this email. This is only for those users who missed activating their account earlier.

2 Navigate to <https://www.muhs.ac.in/>

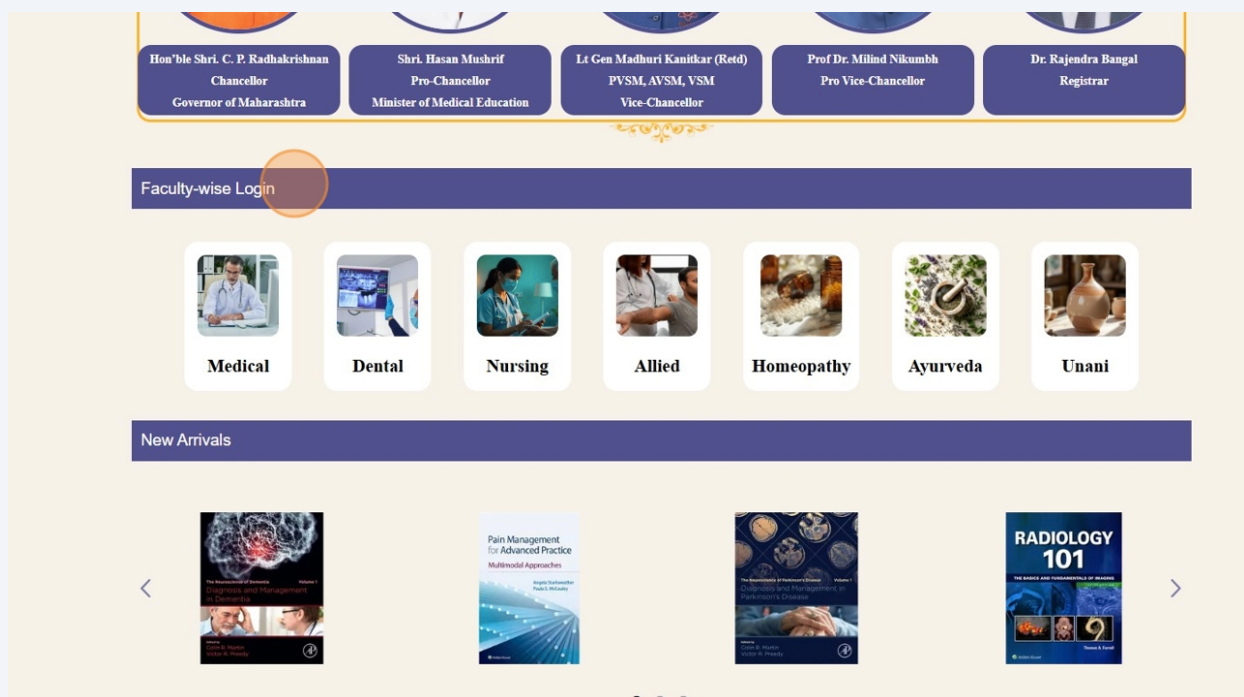

Click "Digital Library"

Click MUHS Digital Library Consortia

3 Click "Faculty-wise Login"

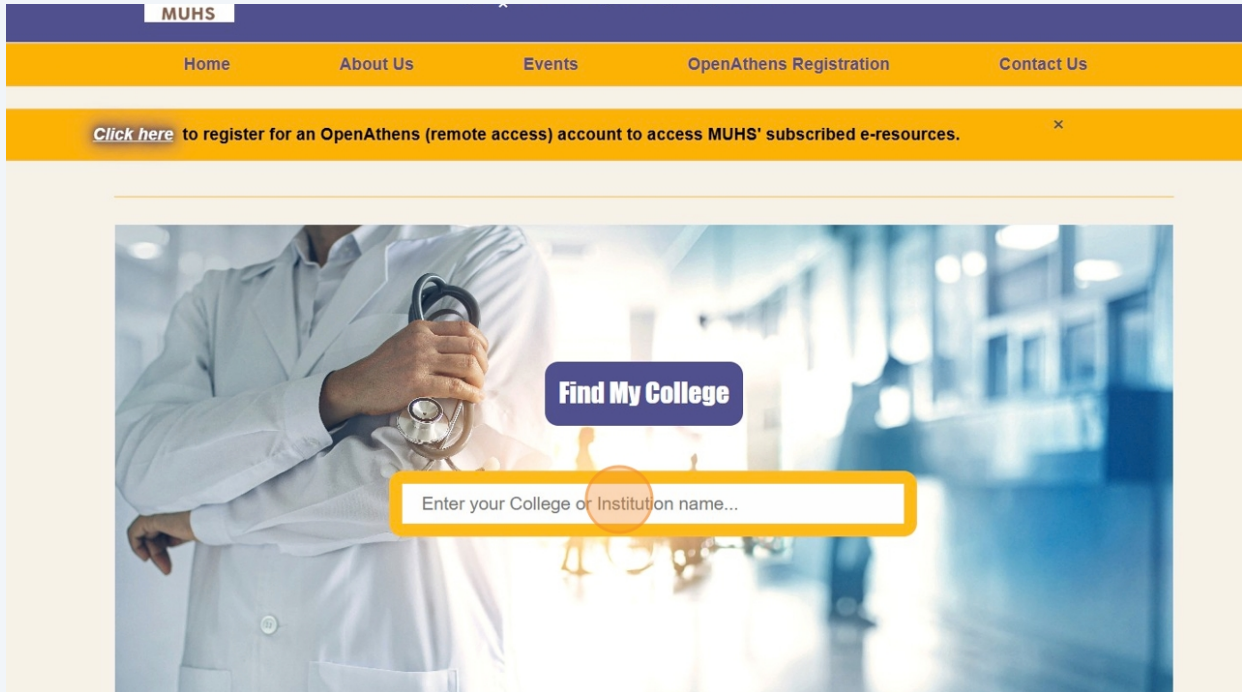

Choose your respective faculty - i.e. Medical, Dental, Nursing etc.

4 Click the "Enter your College or Institution name..." field.

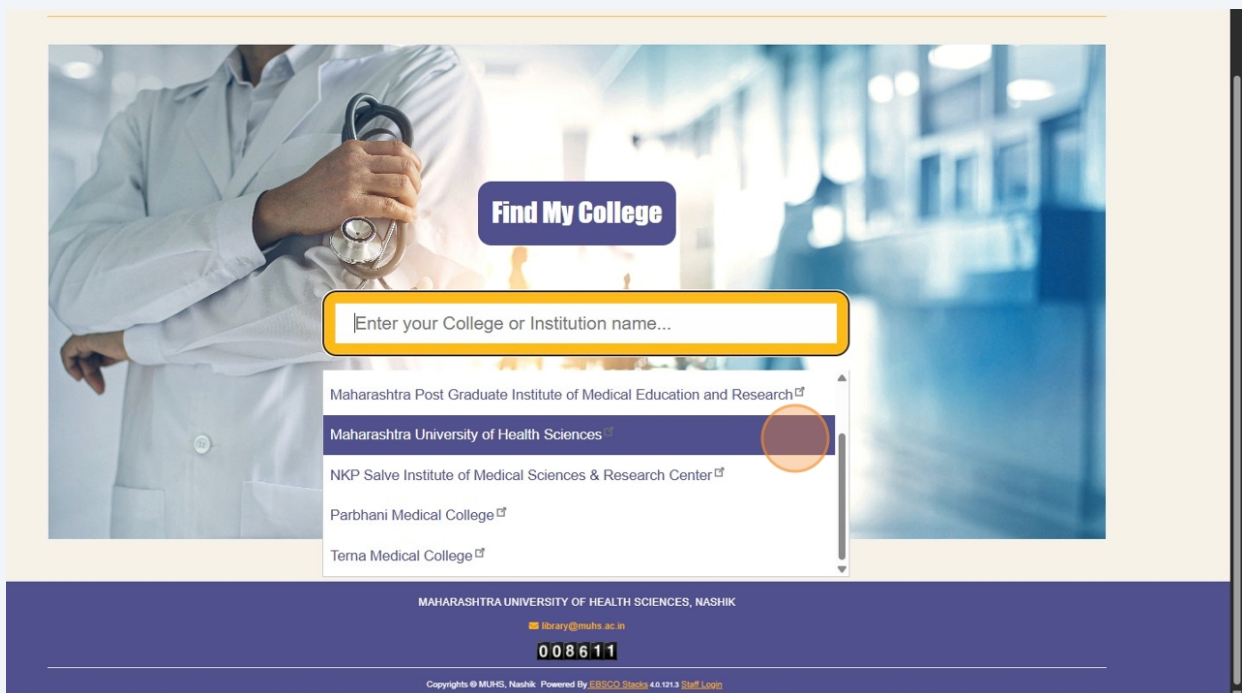

OR

Select your college name from the drop down menu.

5 Click - Your Institutions Name.

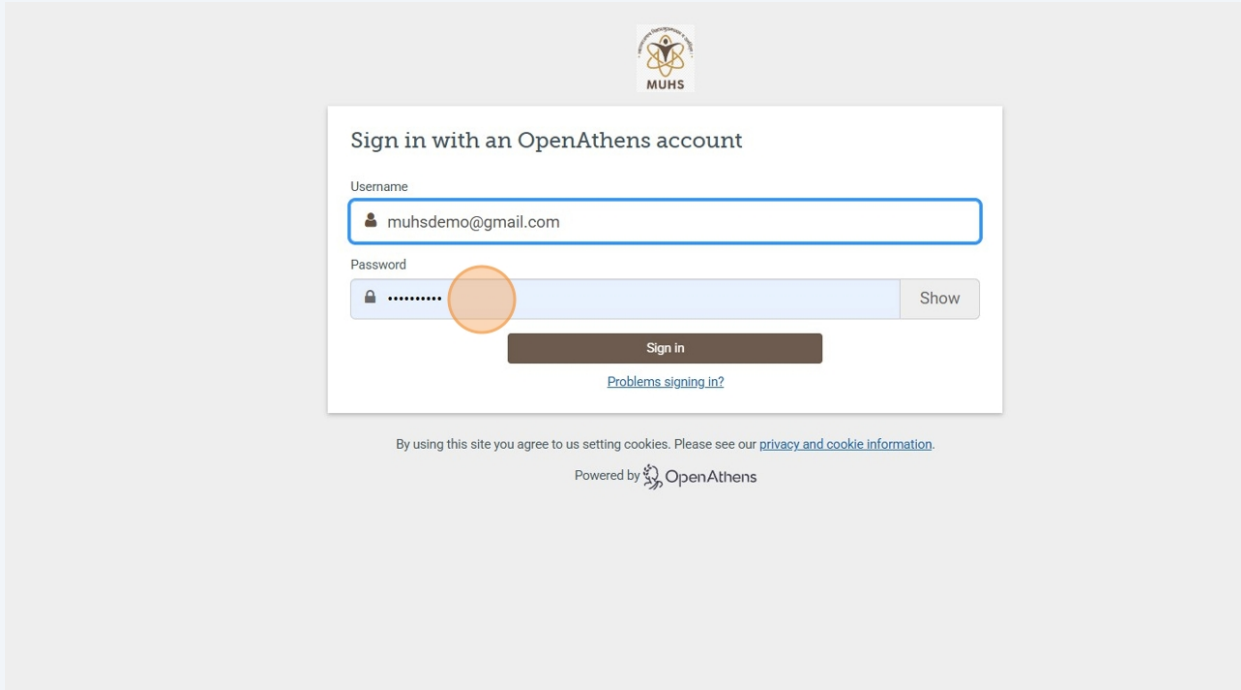

For demo purpose we have selected "Maharashtra University of Health Sciences (link is external)"
